Mesquita, RJ

Dynamic, results-oriented software engineer with a proven track record of delivering high-quality solutions. Experience in Java, JavaScript, Typescript, HTML and CSS3. Skilled in developing innovative software solutions and committed to staying at the forefront of technological trends. Adept at collaborating with cross-functional teams to drive project success and increase overall efficiency. Dedicated professional, with a bachelor's degree in Information Systems and a solid foundation in software development. Excited about the opportunity to leverage my experience in a challenging Software Engineer role.
